

AST Door Automation Maintenance Details

Door Automation Maintenance Contract starting from as little as £199 a door per year

The Annual Preventative Maintenance package consists of 2 scheduled maintenance per year and consists of the following:

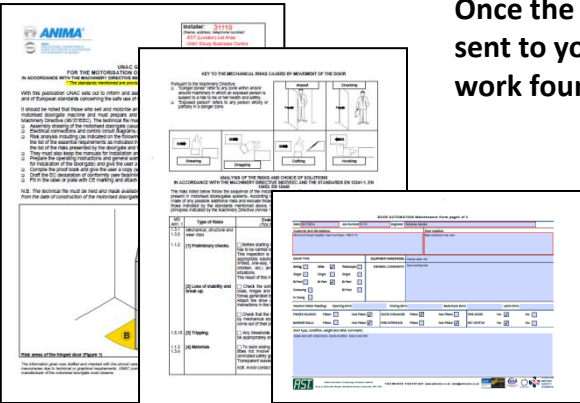

A Scheduled Site Visit to perform preventative maintenance will consist of the following:

- Doors – Check the condition of the door/ hinges. Adjust accordingly.
- Access Control – Check Swipe Readers are functioning and connected.
- Door Closers – Ease and Adjust if necessary door closers on all doors
- Locking – Lubricate, tighten screws (where applicable) and check door locking mechanism is functioning on all doors.
- Intercom – Check Speech quality / level and adjust if necessary
- Risk Assessment Review

Once the Maintenance visit has been completed a full report will be sent to you for your reference and if required a quote of any further work found during the visit.

Contract doesn't cover damages, faults and damage from vandalism.

All other works will be charged at £98.00 for the first hour and then £78.00 for every hour or part thereof. Parts used will be charged at our Standard List Price.

Breakdown of Costs	Total Cost
Automatic Door Single	£199
Automatic Door Double	£300

Please Note: This is our standard and most popular Maintenance Contract that we provide. More comprehensive Plans are available.
